Congress Allotment EAACI 2016 | Vienna

A revolution in the way you sleep, eat, drink and relax is coming to Vienna. The beautiful city may have a timeless elegance and charm, but sometimes things need to be shaken up a little bit. The pentahotel Vienna takes what you'd expect from a hotel and shakes off the stiff formality of a traditional reception area and replaces it with a laid-back pentalounge that is cool, relaxing and elegant - perfect as a neighborhood hub. The hotel likes to do things differently, but also knows the things that make your stay unforgettable; all the comfort and convenience you need, and none of the pointless gimmicks that you don't. The pentapeople always provide a sense of lively community amongst hotel guests, drop-in customers and hotel associates and give the guests pentafun and surprise in lounge and guestrooms.

Sweet dreams start with a good bed. This is an essential part of the hotel experience, and when it comes to a good night sleep, the hotel is not prepared to compromise on quality. But it is always ready to do without the things that don't matter, like the minibar. Those tiny fridges are filled with things you don't need. Instead, we have a Maxi-Bar vending machine on every floor, where you can get premium brand products at sweet prices. The practical, comfortable guestrooms ensure a sound night's pentasleep.
